Other- The Planning and Zoning Commission along with the Township Board  
would like FLOW (For Love of Water) to be notified that we would like them to  
quit indicating to others that we are working with FLOW or taking any action. We  
have looked at updating our Master Plan and Future Land Use but have not  
made any changes and are not working with FLOW. We had them here for  
education purposes along with the DEQ (Department of Environmental Quality).
